Warranty Programs

Airports

Refuellers

Spares

Distributors

A.R.T.S (Aerospace Risk Transfer Solutions) was established in 2021 as a risk transfer vehicle for Avmax, and our worldwide client base.

Our new Insurance Division is an innovative risk partner for our lessee's that facilitates Risk Management, Insurance Broking, Proprietary Programs and Captive solutions.

We strive to demystify the Insurance market for the buyer and simplify the process whilst ensuring lowest economical terms.

*A.R.T.S is registered and regulated by the Florida Department of Financial Services.*

*ARTS Locations: Miami, FL., & Calgary, AB.*

## AVIONICS

---

Avionics Shop

Instrument Shop

Manufacturing Shop

Metrology Shop

### Avionics

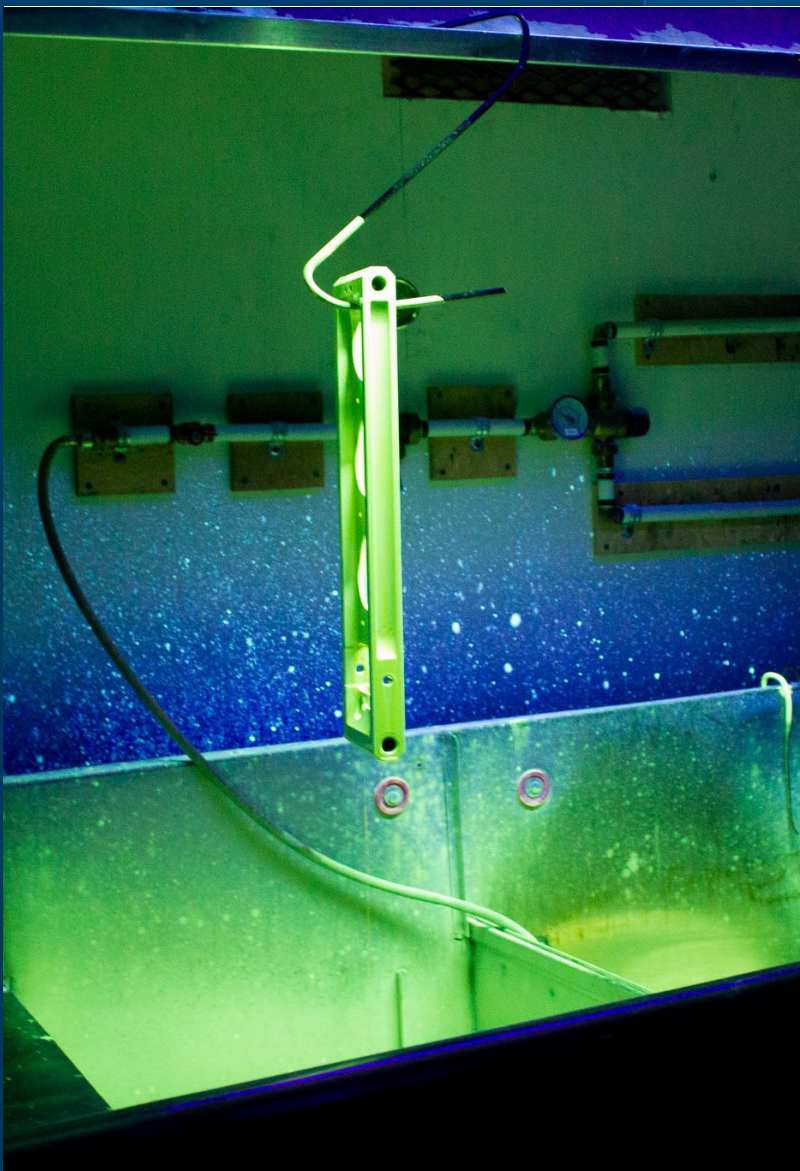

Avmax Avionics is one of Canada's largest avionics support facilities. Our Avionics Division has several certifications including Transport Canada AMO 84-97, ISO 9001:2015, AS9100D, and is authorized as a service and warranty center for all major avionics manufactures. Avmax Avionics holds various STCs, as well as the ability to generate new STCs, and the capabilities to carry out installations on a wide range of aircraft types.

- HAPP & CASP programs
- CVR & FDR reads- annual intel checks and annual FDR reads
- Battery service center- main batteries, emergency batteries
- ELT service center
- On site Manufacturing for structures work and harness building plus ability to fabricate or manufacture test boxes
- Quick turnaround times

### Metrology

Our knowledgeable and qualified technicians carry out calibration tests that meet the OEM standards and specifications. In our Metrology Shops, we offer calibration and repair to all aviation ground support equipment while continuously expanding our capabilities.

*Avionics Locations: Calgary, AB. & Vancouver, BC*
